

By participating in our We Save Custom Rebate program, you can save energy and earn a rebate when you purchase and install qualifying, energy-efficient equipment or take other measures to reduce energy consumption.

How do I know if my project qualifies for a Custom Rebate?

To find out if your project qualifies for a Custom Rebate, please contact the City of Brownton.

What are examples of projects that could qualify for a Custom Rebate?

- ✓ High volume low speed fan
- ✓ High efficiency chiller
- ✓ Rooftop AC unit
- ✓ Air compressor
- ✓ Refrigeration technologies
- ✓ Commercial food service equipment
- ✓ Fast acting doors
- ✓ Variable Frequency Drives >200 hp
- ✓ Evaporator fan motor retrofit
- ✓ Anti-sweat heat control

Rebate Qualifications and Program Rules

- Rebate offered to non-residential electric customers served by the City of Brownton.
- **All custom rebates require pre-approval.**
- Rebate will be issued to the customer only. Maximum rebate amount shall not exceed 50% of project cost.
- Rebate Application must include a copy of paid, itemized invoice(s) showing quantity, price, and model number of equipment for which you are requesting a rebate.
- **Annual kW and kWh savings must be entered on Rebate Application and match detailed calculation submitted with rebate.**
- Utility reserves the right to conduct inspections of any and all installations before issuing rebate. If Utility finds that the application does not comply with MMPA rules and qualifications, rebate amount may be adjusted.
- Rebate requests are processed on a first-come first-serve basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time.
- Installation must be completed before submitting rebate application.
- Customer must apply for rebate within one year of purchase date shown on invoice.
- Rebate will not be given for equipment or designs that do not comply with local, state, or federal regulations.
- Utility is not liable for rebates promised to a customer as a result of a contractor misrepresenting the program.
- Utility is not responsible for any tax liability imposed as a result of the rebate payment.
- Utility gives no warranties, expressed or implied, with respect to equipment operation, material, workmanship, or manufacturing. Utility does not guarantee that the implementation of energy-efficient measures or use of equipment purchased or installed pursuant to this program will result in energy or cost savings. In no event shall the Utility be liable for any incidental or consequential damage.
- Information contained in this rebate application may be shared with the Department of Commerce and MMPA.
- Qualifying customers must apply for rebate by November 30, 2021.

Rebate Checklist:

- Completed Application
- Detailed calculation of annual demand and energy savings
- Dated invoice
