

By participating in the We Save program, you can save energy and earn a rebate when you purchase and install qualifying lighting in a new building or an addition to, or major renovation of, an existing building.

What Rebate Can I Earn?

Eligible lighting equipment and rebate prices are included in the Rebate Calculation Table. Unless otherwise noted, LED products must be listed on either ENERGY STAR or DesignLights Consortium (DLC) Qualified Product Lists. Products not listed on ENERGY STAR or DLC or not included in the Rebate Calculation Table may be considered for a custom rebate. Please contact Utility for more information.

Rebate Qualifications and Program Rules

- Rebate offered to non-residential electric customers of the City of Brownton.
- Rebate will be issued to the customer only. Maximum rebate amount shall be limited to 50% of project cost.
- Rebate forms must include: (1) Rebate Application, (2) Pre-Rebate Worksheet, (3) Rebate Calculation Table, and (4) copy of paid, itemized invoice(s) showing quantity, price, manufacturer, and model number.
- **Pre-approval is required. Customer must submit Pre-Rebate Worksheet prior to starting project. Utility will review project and verify proposed lighting qualifies for rebate.**
- **Utility reserves the right to conduct post-installation on-site inspections.** If Utility finds customer has not complied with program rules, any rebate received must be returned to the Utility.
- Only new equipment is eligible for rebate.
- Installation must be completed before submitting rebate application.
- Customer must apply for rebate within one year of the purchase date shown on the equipment invoice.
- Rebate will not be given for equipment or designs that do not comply with local, state, or federal regulations.
- Utility is not liable for rebates promised to a customer by a contractor misrepresenting the program nor any tax liability imposed on customer related to rebate payment.
- Utility gives no warranty, expressed or implied, with respect to equipment operation or performance. Utility does not guarantee that the implementation of energy-efficient measures or use of equipment installed pursuant to this program will result in energy or cost savings. Utility is not liable for any incidental or consequential damage. Utility is not responsible for the disposal of lamps and/or ballasts.
- Rebate forms may be shared with the Minnesota Department of Commerce and MMPA.
- Rebate requests are processed on a first-come first-serve basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time.
- Qualifying customers must apply for rebate by November 30, 2022.
